# SPONSORSHIP PROPOSAL

707 New Byhalia Rd, Collierville, TN 38017 | (901)-492-1061 | [www.endeavormicroschool.com](http://www.endeavormicroschool.com)

**SUMMIT  
SEEKERS**  
ROBOTICS

## SUMMIT SEEKERS

At Endeavor Microschool, we believe the next generation of problem-solvers, inventors, and leaders is already here; we just need tools and opportunities to rise!

We are a group of students who have interests and experience in engineering and computer programming, and we're launching a robotics program—**Summit Seeker Robotics (Team 29032)**—at our non-profit school, Endeavor Microschool in Collierville!

More than simply building robots or winning competitions—though we believe we can do that too—we know this will help us develop important character traits and skills that will open doors to our future goals:

- Curiosity
- Gratitude
- Humility
- Collaboration
- Drive
- Problem-Solving
- Grit
- Goal Setting
- Interviewing
- Responsibility
- Networking
- Leadership

**VEX IQ**®

VEX IQ is a robotics competition for elementary and middle school students who use the engineering design process and an engineering notebook to design, build, code, test, and improve a robot that must complete a series of tasks in collaboration with different alliance teams. The tasks are part of a game that plays out like a sporting event, and teams are scored based on their efficiency in completing the tasks and judged on their teamwork, collaboration with others, and use of the engineering design process.

## OUR NEEDS

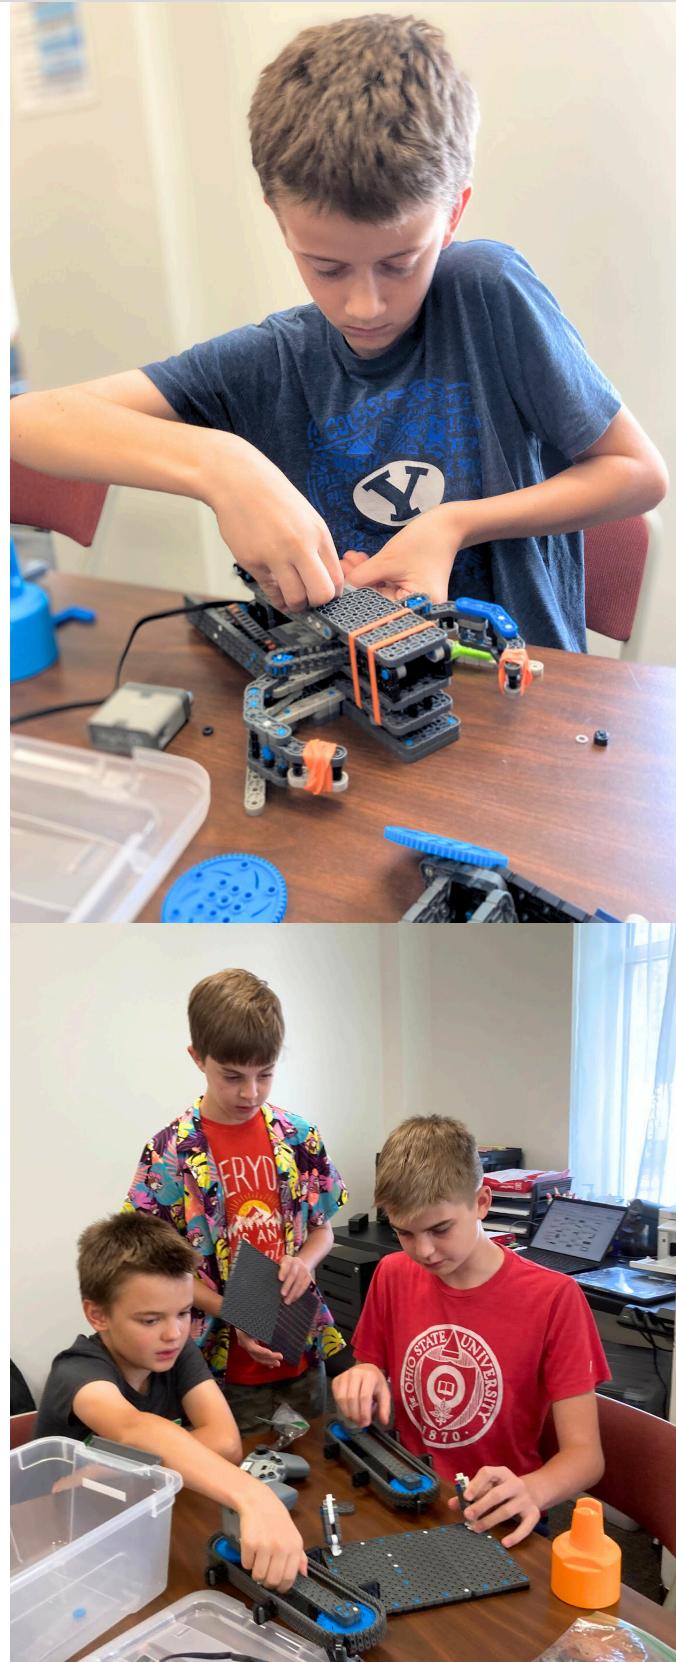

We have already raised more than \$3,000 in grants and our school has added over \$1,000 more to kick-start our program, but we still need to raise an additional \$2,000-\$2,500 to be able to fully equip our teams and make it possible to participate in competitions this year. Your donation to our non-profit school, which is fully tax deductible, will equip two competitive teams and provide opportunities for our younger students to learn as they prepare for future participation in the competitions.

## OUR COMMITMENT

Over the next six months, we will build functioning robots, compete in as many VEX IQ competitions as possible between Memphis and Nashville, and continue learning as we revise and refine our robot and notebook in between each competition. We are committed to working hard, putting in time outside of school, engaging in the engineering process (ideate, plan, prototype, test, and iterate), seeking out feedback, learning from our mistakes, and teaching younger teammates as we strive to build a lasting program. We also plan to seek out and build community connections with engineers and other experts who can help us enhance our robotics and coding skills.

## YOUR SUPPORT

Individually, we are drawn to engineering. We love to build things and have programmed websites, games, and interactive learning experiences using block code, Python, and C++, and we believe that, as a team, we can accomplish even greater things! By supporting our robotics program, you aren't simply offering a one-time experience; you are providing materials and opportunities that will guide the trajectory and support the development of every current and future student at Endeavor Microschool.

## **EVERYONE WINS!**

Investing in the future is always a good opportunity! In addition to helping us meet our goals, your one-year, tax-deductible corporate sponsorship will provide brand awareness that demonstrates your commitment to children and the community. Our teams will compete in Memphis, Collierville, and communities surrounding Nashville. In addition, you will be increasing the local talent pool; inspiring students to take on careers in science, engineering, and technology; and helping strengthen our community by providing young people with opportunities to develop 21<sup>st</sup> century skills and character traits through challenging academic competition.

## **JOIN OUR TEAM!**

# **SPONSORSHIP LEVELS**

## **BRONZE – \$50**

- Shout-out/post & tag on our social media channels
- Name listed on our website in a tiered list system

## **SILVER – \$100**

- Bronze benefits, plus:
- Company logo\* on our website and social media

## **GOLD – \$250**

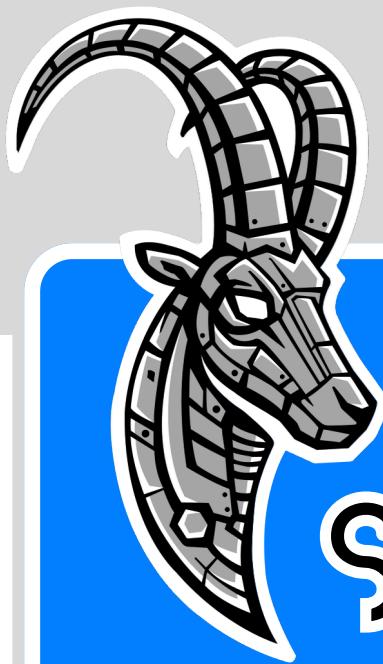

- Silver benefits, plus:
- Company name on our team t-shirts (if sponsorship is made by October 20, 2025)

## **PLATINUM – \$500**

- Gold benefits, plus:
- Small company logo\* on our team t-shirts (if sponsorship is made by October 20, 2025)
- Small logo\* on our team banner (displayed at competitions)
- Complimentary team t-shirt

## **DIAMOND – \$1,000**

- Platinum benefits, plus:
- Large logo\* on our team t-shirts (if sponsorship is made by October 20, 2025)
- Large logo\* on our team banner (displayed at competitions)
- Robot demonstration at sponsor site or Endeavor
- Top-tier recognition on all platforms

## 2025-26 SPONSORSHIP

Thank you for supporting Summit Seeker Robotics at Endeavor Microschool, a 501(c)(3) nonprofit. Our EIN is 99-3609088. Please complete this form or use the QR Code to complete a digital form.

**Corporate Sponsor Name:** \_\_\_\_\_

*Please list your company name as you would like it to appear on our materials.*

**Contact Name:** \_\_\_\_\_ **T-Shirt Size:** \_\_\_\_\_

**Contact Phone:** \_\_\_\_\_ **Contact Email:** \_\_\_\_\_

**Business Address:** \_\_\_\_\_

**City:** \_\_\_\_\_ **State:** \_\_\_\_\_ **Zip Code:** \_\_\_\_\_

**Business Website:** \_\_\_\_\_

**Amount Donated:** \$ \_\_\_\_\_ **Check #:** \_\_\_\_\_

**Summit Seeker Team Contact:** \_\_\_\_\_

Give online at [www.endeavormicroschool.com/give](http://www.endeavormicroschool.com/give) or mail a check to **Endeavor Microschool, 260 Grove Park Drive, Piperton, TN 38017**. A receipt and W-9 will be sent upon receiving the contribution. For questions, clarification, or more information please email [admin@endeavormicroschool.com](mailto:admin@endeavormicroschool.com).

\*Please email an official, high resolution SVG/PNG file of your company logo.

**THANK YOU FOR YOUR SUPPORT!!!**
